

NEWS RELEASE

20th September, 2005

Visit our booth at CEATEC JAPAN 2005!

We will run a booth at the exhibition CEATEC JAPAN 2005 held from the 4th - 8th October at the Makuhari Messe, Chiba, Japan.

The Dai-ichi Kogyo Seiyaku Group has been working on development of electronic device materials e.g. polymers for polymer solid electrolytes and ionic liquids, conductive pastes for printed circuit boards and materials for ceramics.

In this exhibition, we will place polymers for polymer solid electrolytes and ionic liquids on display, as well as medium-sized lithium polymer batteries, dye-sensitized solar cells and other energy devices in which these products are used.

The details are as follows:

Exhibition: CEATEC JAPAN 2005 (Combined Exhibition of Advanced Technologies-Providing Image, Information and Communications)
<http://www.ceatec.com/index.html>

Date: 4th-8th October, 2005 (Tues.-Sat.)

Site: Makuhari Messe (Chiba Prefecture, Japan)
International Exhibition Halls 1-8
(http://www.m-messe.co.jp/access_e.html)

Products on display: **ELEXCEL IL series** (Ionic liquids)
ELEXCEL TA series (Polymers for gel electrolytes)
ELEXCEL EG series (Polymers for all-solid electrolytes)
Lithium polymer batteries
Dye-sensitized solar cells
